25X1 6. [] Mike Finley, in the office of Representative Dante Fascell (D., Fla.), called for information on Everett Jackson, the pilot recently captured in Cuba. He said this was in connection with an upcoming meeting with an attorney from the 82d Airborne Association interested in Jackson's release. Finley recognized that State was the proper source, but at his request for information I later told him (based on the advice of [], WH Division) that State had all information known to us. 25X1 Ultimately, Finley advised that Fascell had taken the position that the 82d Airborne Association should stay out of the picture and permit regular Government channels to work unhampered for Jackson's release.

They are particularly interested in the tie-in with known personalities in the various countries where the Movement has been active and its relationship to international communism. I advised Mr. Schroeder that I would relay the Subcommittee's request and that our office would be back in touch with him during the week.

25X1 8. ([] - JGO) Met with Miss Dorothy Fosdick and provided 25X1 a copy of an [] for Senator [].
